- Scheduled and Routine Maintenance
- Custom Databases and Programs

WHY COMPUTER WIZ?

EXPERTISE

Everyone would like to have their own personal PC/Network specialist, but because of the cost of that full-time person, they need outside help.

Lisa Bryan, the owner of The Computer Wiz, is that specialist. As a former Mainframe Programmer and more recently the LAN Administrator for a large manufacturing facility, Lisa has over 20 years experience in network operating systems like UNIX, NT, and Novell. She started working on PC's over 24 years ago and was quickly nicknamed "The Computer Wiz" by her co-workers because of her skill in solving any problem on a computer.

Lisa has worked for Chesterfield-Marlboro Tech for over 11 years instructing adults on computers. In fact, CMTC has her teach their own staff computer training.

Degrees and Certifications:

- BS in Math/Computer Science - UNC-P
- MS in Organizational Leadership and Management - UNC-Pembroke
- Microsoft Certified A+ Technician
- HP-UX Certified Unix System Administrator
- PRO-E Engineering System Administrator

WHY COMPUTER WIZ?

QUALITY

The Computer Wiz prides itself on providing quality products and services. The Computer Wiz offers a variety of equipment choices from great manufacturers like Dell, IBM, HP, Oki-data, and Lexmark.

WHY COMPUTER WIZ?

ON-SITE SERVICE

At Computer Wiz, we come to you! For businesses, computer problems can be very inconvenient. Call us and let us minimize your downtime.
